Draft language for ag stakeholders in CO.

Regarding the Gold King Mine Release. EPA has created a new website dedicated to information about the Gold King Mine response: <http://www2.epa.gov/goldkingmine>. This website is updated with the latest information frequently and contains information about what happened, who's responding and what is being done, data, how to file a claim for property damage, etc. This website also has information specific to [La Plata County, Colorado](#), including who to call to get water for livestock. EPA has also created a **toll-free hotline: 844-607-9700**. This number can be used by citizens impacted by the release requesting emergency assistance. We would appreciate you sharing this website with any of your members impacted by the Gold King Mine release.
